

## EDUCATION

B.Tech (IT)	Sri Eshwar College of Engineering,	CGPA: 8.25 (up to 6th sem)	2021 - 2025
HSC	Oxford Matriculation Higher Secondary School	PERCENTAGE: 88.2	2019 - 2021
SSLC	Oxford Matriculation Higher Secondary School	PERCENTAGE: 88	2018 - 2019

## INTERNSHIPS

### MERN STACK WEB DEVELOPMENT

2023

Participated in an internship program which was conducted by **Channel B.Tech**. With this internship program an extensive experience gained in developing web application using the **MERN Stack**.

### FULL STACK DEVELOPMENT

2023

Participated in an internship program which was conducted by **Edu Station**. Completed a comprehensive internship specializing in **Full Stack Development**, acquiring advanced skills in **React JS**, **Spring Boot Framework** and **MySQL**.

## PROJECTS

### SHOPSMARTLY

2024

Developed an **e-commerce website** similar to Amazon and Flipkart using the **MERN stack (MongoDB, Express.js, React, Node.js)**. Roles like **Admin**, **User**, **Vendor**, and **Courier**, each with specific functionalities like **product management**, **order placement**, and **delivery status updates**. Project taught me role management using **JWT authentication** and **authorization**.

### FLIM FETCH LIVE

2024

Film Fetch is a dynamic web application built using the **MERN stack**, allowing users to effortlessly search for movies and **add them to personalized lists**. Users can **create**, **explore**, and **manage** their custom movie collections with an intuitive interface. This project demonstrates the seamless integration of **MongoDB**, **Express.js**, **React.js**, and **Node.js** to deliver a rich user experience.

### AGRI MARKET

2023

Innovative web application empowering **farmers** and **retailers** to connect directly, eliminating the need for **mediators**. Farmers can easily **list their products**, while retailers **browse and purchase** what they need, all while maintaining comprehensive **transaction histories** for both parties. Project employs **Spring boot**, **JPA**, **MySQL Workbench**, and **REST API**.

### SMART E-BUS SERVICES SOLUTION -BOOK ANYWHERE AT ANY TIME

2023

A Java-based web application, utilizing **Java 8**, **Spring Boot**, **REST API**, **JPA**, and **MySQL Workbench**, streamlines bus ticket booking. Users can search and select pick-up and drop-off locations, view bus details including **timing** and **available seats**, and **make bookings**. The system facilitates **real-time rate updates**, **offers**, and **deals** for customers and agents.

## CERTIFICATIONS

Spring MVC, Spring Boot and Rest Controllers and Spring Data Repositories in Coursera.	2023
Java, JavaScript in Hacker Rank.	2023
Front End Development – HTML, Front End Development – CSS in Great Learning	2023
Java in Coding Ninja and GUVI.	2023

## SKILLS

Languages	: Java   C (Basics)   Python (Basics)   JavaScript (Basics)
Web Technologies	: HTML   CSS   React JS(Beginner)   Spring Boot   Node JS   Express JS
Tools	: IntelliJ IDEA   VS Code   Postman   Git Hub   MySQL   MongoDB
Others	: DSA   OOPS   DBMS   JPA   Swagger   Monolithic   REST API

## ACHIEVEMENTS

Won **special mention award** in Coding premier League contest **Among top 100 coders**.

**Selected** as my department's **top performer** overall based on **my academic success** and **coding abilities**.

**Honored** to be nominated for the **Best Self-Learner Award** based on the **courses** and **certifications** completed.

Achieved the **top position** once among **369 average participants** at **Sri Eshwar College of Engineering** in a **Coding Ninja** contest.

Earned a **5-star badge in Java**, an **Amateur Badge** and a **Basic Programming 3-star badge** on **HackerEarth**.

## CODING PLATFORM

**LEET CODE** – Max rating **1691** | **420+** problems | **54 contests** | **50 Days Badge 2023 & 2024** | Global Rank 65,633.

**CODE CHEF** – Max rating **1035** | Global rank **164795** | Solved **200+** problems | **1 star coder** | **Problem Solver - Silver Badge**.

**CODING NINJA** – Solved **270+** problems | **Contest rating 1687** | **Master batch** on Java | **2 batch** on **Math and Array**.

**HACKER RANK** – Solved **100+** problems | **5-star Gold Badge in Java** | **Attended 30+ Contest** | **50-day badge 2023**.
